

The Friends of Nevill Park in Snodland were joined by local Member of Parliament, Tracey Crouch, for their New Year Clean up of the park. More than fifteen adults and children joined in the clean up and between them

collected over 30 bags of rubbish. Unusual items found included a toilet, sun lounger and mop. Disgusting items found were dirty nappies and a whole load of filled dog bags that had been thrown into the bushes. Many thanks to all those who came along to help to make the park a more pleasant place for all residents.
